Pain Management

***Offering to
Organizations for
On-Site Training of
their Employees***

Our Programs include orientations, cross training and continuing education.

Program Overview

Epicare Associates, Inc. offers a variety of Pain Management programs which address the Standards set forth by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO). Programs can be customized to meet a particular organization's need for an additional fee. Organizations are asked to provide a copy of their Pain Management policy and procedure and list of pain medications currently on formulary, so that the program can be customized to that agency's needs.

Concepts in Clinical Pain Management

This full day program provides participants with a comprehensive overview on pain management and pharmacology. The program expands on the needs of the needs special populations and non-pharmacologic modalities. Additional information of pharmacologic agents is also discussed. Participants who successfully complete the program will receive 6.5 contact hours.

Clinical Pain Management

This half-day program provides essential information to meet the JCAHO standards for nurses and other healthcare providers on pain management. Participants who successfully complete the program will receive 3.0 contact hours.

Clinical Pain Management in Long Term Care

This half-day program provides essential information to meet the JCAHO standards for nurses and other healthcare providers on pain management. Participants who successfully complete the program will receive 3.0 contact hours.

Clinical Pain Management and Behavioral Approaches

This full day session is designed for nurses and other healthcare professionals who work with clients that may have challenging behavioral issues. The morning session incorporates the Clinical Pain Management program and the afternoon session provides behavioral approaches to assist with pain management issues. Participants who successfully complete the program will receive 6.5 contact hours.

Pain Management for Paraprofessionals

This one-hour program provides an overview pain management focusing on the roles and responsibilities of ancillary personnel.
